Worksheet 3: Reflective worksheet

We have looked at how many people in our society do not use cannabis.

We have also looked briefly at the use of other drugs (including alcohol and tobacco) by adults and young people.

Some of these figures may have been as we expected them to be, but others may have surprised us.

Things to think about...

1. The number that surprised me most in this activity was the one about...

2. This surprised me because I thought...

3. Why do you think most young people DON'T use cannabis?
